

Fabian Cancellara and Silvan Dillier join forces

Press release, 27 November 2018, Rickenbach LU – **The 2019 Chasing Cancellara race calendar is all set! Besides the Ultrafondo Zurich – Zermatt the classic Chasing Cancellara in Villars will be held for the third time. Additionally there will be a new race in Gippingen added to the calendar. Italy, Germany and Denmark are other host countries of Fabian Cancellara’s race series.**

The Ultrafondo from Zurich to Zermatt on 19 September will be one of the highlights of 2019. Another interesting development is the fact that Silvan Dillier joins Fabian for the newly created race in Gippingen. Two of the most accomplished Swiss riders will join forces for what will be a special occasion in Silvan’s home region. The race on the 9 June will include some pavé and gravel sections and clearly be a race well-suited to both riders.

Already a well-established classic is the Chasing Cancellara race in Villars. With the passing of the passes Col de la Croix, Col des Mosses and Col du Pillon, the participants can expect once again some long and beautiful climbs. As in 2018 the opening time trial of the Riderman in the Black Forest will be part of Chasing Cancellara. As are the two events in Denmark. The season opener will be held in Forlì, where a couple time trial will kick off the 2019 season.
